Answering Technology with Solutions
Since 1963

About Us

Since 1963, DDP has been the innovator for many products that are still commonly seen in every office, computer room, and IT facility. More than 40 years ago DDP was manufacturing the best built racks for tape reels, the best built computer desks for the new computer room, and the finest quality multi-purpose storage cabinets that were available. DDP has been a sign of quality, endurance, and value for more than four decades and we still keep making the best.

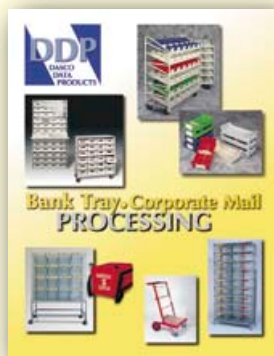

Today we continue to produce innovative & high quality products that are focused on the needs of our clients. In this generation, Security and Privacy are two words that are used most often in our client requirements. Information is generated at incredible speeds in the world today and we now have to do whatever it takes to protect it. So much damage can be done with the least amount of information that the government of the USA and Canada have implemented regulations such as HIPAA and PIPEDA. These fairly recent regulations require personal information to be securely filed in the digital form and/or the printed form.

Note: Other media capacities available.

Multi-Stor

The **DDP Multi-Stor Cabinet** is manufactured to give you complete control of your media and report storage. With individual lockable levels the Multi-Stor allows for designated access by keying each level differently. Locks are included, specify key different or key alike. **Available in 2, 3, 4 & 5 levels** as standard.

The internal component options are the same for the Multi-Stor & DDP's Multi-Media Storage Cabinet so you can store virtually any media type in either style cabinet. All components are adjustable in 1/2" increments. DDP installs all the internal components before we ship the cabinet to you, so your Multi-Stor is ready for immediate use when it arrives.

Single Add-on Level

DDP #050-00600 16"H x 36"W x 18"D

As an added feature... the Multi-Stor Cabinet has the ability to expand as your requirements expand. The top is easily removed to allow an **additional** level to be added.

Multi-Media Drawer

Each drawer comes complete with (8) front to back dividers and (9) compressor/flip dividers. Using the DDP "star slot" system, you can easily customize the drawer to your application. Divide your drawer to store one or several media types by simply adjusting the dividers. Drawers are complete with heavy duty easy glide suspension arms for many years of service.

CD/DVD Drawer

138 CD's or DVD's sit in their own slot on a slight angle to allow for finger flip filing. Each drawer comes complete with a CD/DVD insert that is removable and heavy duty easy glide suspension arms.

Note: 276/Slim line cases, 2 per slot.

Visit www.dascodata.com to view additional components

Available in four levels:

2 level DDP #050-00620

Individual level size:

I.D. 35.5"W x 17"D x 14"H

Standard Colours: Beige, Grey or Black
Optional colours are available, a surcharge may apply.

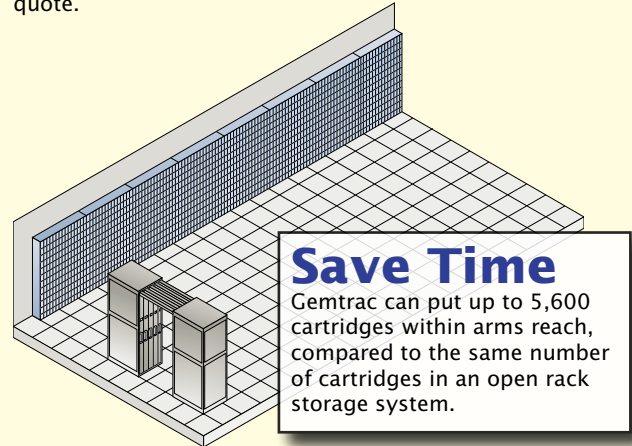

Hi-Density Tape Library

Not enough space? Losing productivity? Need space for new equipment?
Gemtrac gives you the space back that you need. Gemtrac is a high density, quick access storage system that makes the most efficient uses of your floor space. You could recover up to 70% of the space currently consumed by your tape library.

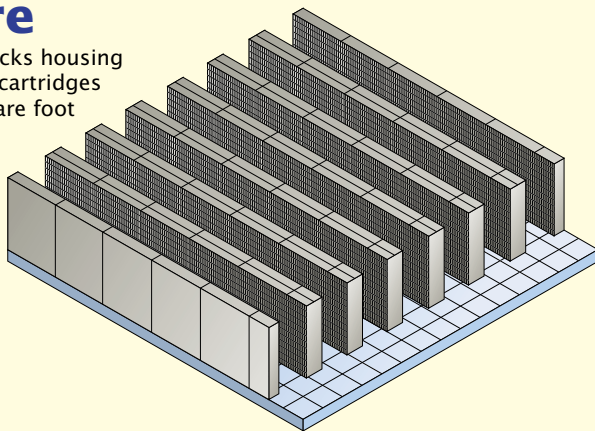

Gemtrac Hi-Density Library

A Gemtrac unit consists of two self-contained opposing cabinets linked by overhead tracks. Each cabinet holds pullout drawers that open into a centre aisle. Without taking a step, a tape librarian can stand in the center aisle and immediately reach any of the Gemtrac's drawers. Please contact your Dasco representative for an immediate quote.

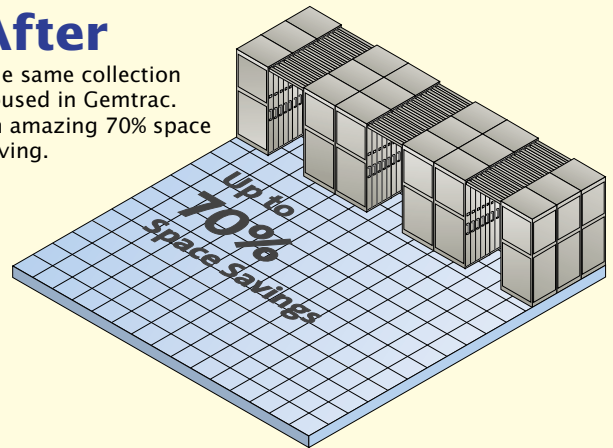

Before

Open tape racks housing 45,000 data cartridges in a 900 square foot tape library.

After

The same collection housed in Gemtrac. An amazing 70% space saving.

Slidetrac High-density rolling case systems

■ Pre-configured Base Kits

Order the exact cases, shelves and accessories that best serve your media library. Then, install them onto "pre-configured" side-to-side rolling base systems to optimize your floor space.

■ Easy Access

All media is quickly accessible – visually & physically – from the front cases. Rolling aside the cases immediately in front provides access to secondary and back row cases.

■ Maximum Flexibility

15", 20" & 25" deep bases accommodate any combination of 5.5" & 7" deep cases and create systems that are either 2 or 3 rows deep.

Fireproof Secure Storage

DDP is pleased to offer our clients many options for securing and protecting your important paper or media tape records. The Gardex line has for many years, kept millions of contracts, stocks, receivables and other irreplaceable documents from going up in smoke. Through every kind of fire, explosion, and high fall, Gardex products have proven their worth.

Better than an insurance policy - which can never replace valuable records - Gardex safes and filing cabinets offer the guarantee of complete security, for absolute peace of mind.

LATERAL FILING CABINETS

A series of legal-size lateral filing cabinets, listed by Underwriters Laboratories Inc. Gardex has shown, with this series, that a filing cabinet can be elegant as well as secure. All 2, 3 or 4-drawer Gardex fire-resistant lateral filing cabinets come equipped with gang lock, selective locking system, suspension system and a 3-arm SwayGard system to minimize torque. The Gardex "Interlock" system allows only one drawer to open at any time to prevent tipping.

THE «CLASSIQUE» LINE

A series of legal-size vertical filing cabinets, listed by Underwriters Laboratories Inc. These elegantly styled textured-finish cabinets harmonize easily with any environment. They can even be used as space dividers.

MEDIA PROTECTION

White paper records can withstand temperatures up to 350°F (177°C), computer media will be damaged beyond use by temperatures above 125°F (52°C) and humidity of above 80%. Microfiche, microfilm, and all computer media require the added protection of a GARDEX MEDIA SAFE.

FIREKING MEDIA VAULT

CDs, zip disks, diskettes, microfiche, and data cartridges are more sensitive to heat than paper records, so the MediaVault is specially designed to protect them from the harmful effects of heat, as well as humidity, dust and magnetic fields. The MediaVault is the only media safe of its size to carry a UL Class 125 1-hour rating for insulated record protection equipment. Affordable and compact, the MediaVault works as a stand-alone unit and is small enough to fit under a desk or credenza.

Degaussers Protect your Information – Erase it!

Privacy is important. Newer security and privacy mandates require the complete erasure of media containing customer and employee information before media re-use or disposal. Degaussing helps you comply with PIPEDA requirements for media disposal.

We are pleased to offer our clients the Garner Products line of degaussers. Garner is the World's Leading Degausser Manufacturer. This page shows just a sample of what we offer.

Degaussers are used by:

- Police departments
- Surveillance companies
- IT departments
- School districts/Academic institutions
- Financial institutions
- Libraries
- Hospitals
- Radio and TV stations
- and many others

Optical CD/CD-R/CD-RW Media Destroyer #OMD-100

The OMD-100 is easy to use and destroys up to 100 discs in 30 seconds. The OMD-100 automatically destroys data, audio, and video from CDs by grinding the upper three layers (i.e., label layer, protective layer, and reflective layer) from CDs. The remaining polycarbonate layer of the CD is recyclable and is completely free of data and labels.

Table Top Degaussers #MDS-4 & #MDS-5

for S-VHS, DAT, 8mm, SDLT, BetaSP and DVCPro. They are the perfect entry-level degaussers for erasing magnetic media.

Conveyor Belt Degausser #CDS-2500A

for DLTII-IV, SDLT, LTO, 3480/3490/3590 and more...

On the low setting it is a continuous duty degausser capable of degaussing over 90 3480/3490 tapes per minute.

There are many other models available. Please **contact your Dasco representative** for more information.

Conveyor Belt Degausser #CDS-4000FS

for hard drives, VHS, DLT, SuperDLT and more...

Can erase all formats of hard drives (hard drive erasure requires the HDH-4000 accessory).

Document Shredders

Protect your Information – Shred it! DESTROYIT for good!

SHRED AT THE SOURCE—BUY AT THE SOURCE

Dasco is pleased to offer our clients the Destroyit line of Shredders from Ideal-MBM. Reliable, convenient, safe, and easy-to-use, Destroyit paper shredders have set the world standard for quality engineering for over 45 years. Destroyit shredders from MBM are fast, efficient and shred a wide range of materials. Their durable cutting heads can take staples, paper clips, credit cards, CDs and more, depending on the model. Strip cut and cross cut models are available in six security levels.

MBM backs the cutting heads on its smallest Destroyit personal shredder with the same ten-year warranty as the largest high capacity model, because every component is precision engineered from the finest materials and built to last. Plus with over 50 models to choose from—there's a Destroyit model to fit your needs and your budget. Please contact your local Dasco representative for assistance.

If It's Shredded at the Source, IT'S GONE. FOR GOOD!

- From your hand, it goes into your on-site shredder.
- You see it destroyed—you eliminate the risk.
- Offices stay neater. No boxes of waste waiting to be picked-up (and/or looked at).
- One efficient, economical cost—plus potential for recycling revenue.
- You've protected your customers... your employees...your company!

CD/DVD/Tape Storage and Other Accessories

A truly efficient, simple and cost effective solution for managing your discs has arrived.

Imation Disc Stakka™ CD & DVD Manager #19030

Never waste valuable time searching for discs or files again. The Disc Stakka™ unit is an automated carousel that stores, protects and retrieves your optical discs including data CDs, DVDs, music and game discs. Each Disc Stakka unit holds up to 100 discs and connects to your computer via USB for power and data. You can stack units up to five high to create a tower that holds up to 500 discs without requiring additional cabling or desk space.

The Disc Stakka unit comes bundled with the OpdiTracker™ content management software, which includes a database and powerful search engine. Need a file? OpdiTracker software delivers the right disc in seconds! You can browse the discs and files stored in the OpdiTracker database “virtually online” in the same way as you browse the folders and files stored on your computer’s drives. Or you can take advantage of the OpdiTracker software search engine to locate any disc or file within seconds. Once located, you can eject the disc that contains the content you require, then insert that disc into your computer, CD or DVD player, or game console.

CD/DLT Multi-Media Stacking Shelves

MP-70

- Each shelf will hold up to 35 CDs in standard jewelcases or up to 70 CDs in slimline jewelcases, or 220 CDs in CD pockets
- Shelves stack for high capacity storage needs
- Interstackable with MP-71 DVD/VHS stacking shelves
- Also suitable for CD, CDR, CDW, DTL, LTO, ZIP, JAZ

Security Cable for Notebook Computer

MP-188

- Features 4 digit combination lock
- 2 meter steel security cable
- Fits the industry standard security slot built into most notebook computers

MANUFACTURED UNDER LICENSE TO KENSINGTON TECHNOLOGY GROUP

Economy Back and Lumbar Support

MP-88

- Provides full ergonomic back and lumbar support where it is most needed
- Easily repositioned
- Adheres to most fabric surfaces without the use of straps
- Ideal for home and office

Cleaning Accessories

All Presaturated Swabs & Wipes are: Safe on plastics, Ozone safe; CFC/HCFC free.

Screen Prep™ Presaturated Wipe

DDP # 307-40005

A convenient to use cleaning and static control system for use on monitor screens.

- Cleans and provides a static dissipative treatment
- Safely removes dust, dirt and oils
- Controls static-generated contamination
- Wet pad cleans and applies static protection; dry wiper wipes screen optically clear

CircuitWorks® The Mighty Pen™

DDP # CW37000

The powerful universal cleaning pen.

- Outstanding cleaning ability
- Marker dispenser provides controlled and exact application
- Mild citrus aroma
- Patent pending

Applications:

General purpose cleaning and refurbishing of equipment

- Removes ink stains, label adhesives, and difficult to remove soils

Laptop & LCD/TFT

Flat Panel Monitor Cleaning Cloth

DDP #CC-24 (17.75 cm x 15.25 cm)

This cleaning cloth is made of Micro-fibre designed specifically to clean your laptop or LCD monitor screen. No cleaning solution is required. Simply wipe your laptop LCD screen with the unique cloth and you'll be amazed at the results!

Optic Prep™ Presaturated Wipe

DDP # 307-40004

The highest quality premoistened lens-grade tissue for cleaning optical surfaces.

- Safely cleans and polishes optical surfaces, lenses, photographic equipment, CRT screens and instruments
- Evaporates quickly, leaves no residue
- Compatible with most plastics, glass and metals
- Mild nonabrasive solvent
- Quickly removes dust, oils and contaminants

Ultrajet® Dusters

DDP # 307-50072

The duster with the BIGGEST blast to clean anything fast.

- Safe on plastic
- Nonflammable XXtra cleaning strength
- Ozone safe
- 100% ultra-pure HFC-134a
- Leaves no residue

TexPad/Daspads ■ 80/box DDP #307-00800

A cleaning pad that is saturated with isopropyl alcohol and deionized water and sealed in convenient sachets under conditions of absolute cleanliness. Daspads are soft, lint free pads of special material, ideal for cleaning magnetic heads or as a general precision cleaner.

Monitor Arms

The ultimate in viewing comfort...

- With the use of an LCD Monitor Arm you can enjoy the ultimate in viewing comfort with the ease of “touch adjustment”
- Wall mount, desk mount, clamp mount...you name it, the applications are endless

APPLICATIONS

Single Arm

- Office/shop
- Retail/POS

Dual Arm

- Engineering
- Design
- Architecture
- Accounting

Triple, Quad & Hex Arms

- Broadcasting
- Call Centres
- Security
- Brokerages
- Command Centres
- 911 Emergency

Flat Panel Radial Arm 24"

DDP #034-81700
Horizontal range 24"
Vertical range 16" & 8" up and down from horizontal
Weight range from 10-22 lbs
Folds up to 3"
Monitor tilter mechanism can tilt over 200 degrees
Rotates 360 degrees at three joints
VESA monitor compatible – 75mm and 100mm
Includes Flexmount™ with six mounting options
Black finish

Sightline dual panel arm

Pole Mount DDP #MS520
Mounts two flat panel monitors
Weight capacity 35 lbs

All Sightline arms – pole mount, have the following features:

- Horizontal range 24½"
- Vertical range 7" to 19½"
- Folds up to 5¼"
- Monitor tilt 10 degrees upward and 25 degrees downward
- Panel mount VESA 75mm and VESA 100mm
- Measured from desk surface to VESA centre
- Silver powder coat finish

Sightline triple panel arm

Pole Mount DDP #MS530
Mounts three flat panel monitors
Weight capacity 53 lbs

Sightline quad panel arm

Pole Mount DDP #MS540
Mounts four flat panel monitors
Weight capacity 70.5 lbs

Sightline hex panel arm

Pole Mount DDP #MS560
Mounts six flat panel monitors
Weight capacity 70.5 lbs

End Tab Filing & Utility Cabinet

4 Tier Legal/Letter

DDP #053-00540
51.64"H x 36"W x 17.25"D

5 Tier Legal/Letter

DDP #053-00550
63.25"H x 36"W x 17.25"D

6 Tier Legal/Letter

DDP #053-00560
78"H x 36"W x 17.25"D

7 Tier Legal/Letter

DDP #053-00570
86.5"H x 36"W x 17.25"D

5 Tier "XL" (Binder Storage)

DDP #053-00650
78"H x 26"W x 17.25"D

DDP End-TAB Filing Cabinets are unsurpassed in workmanship and are the first choice when quality and worry free maintenance is the #1 issue. They are designed specifically for END TAB files in legal, letter or metric size and can accommodate file support dividers or file boxes. NOTE: When cabinets are ordered for LETTER size, a letter adapter must be ordered for each level.

DDP #050-91504

Hi-Boy Utility Cabinet is ideal for storage of odd size boxes of supplies and stationary. Complete with 4 adjustable shelves and key lock with a 2 point locking mechanism. **Dimensions:** 72"H x 36"W x 18"D
Available in Black, Grey or Beige.

DDP #053-03830

FILE CART

Heavy Duty File Cart is complete with 4" casters for easy method of transporting files. Carts have a capacity of 18 file boxes (order boxes separately). Top of cart has a built-in work surface with a ½" lip on all four sides.

Dimensions: 32.25"W x 15.25"D x 39.5"H
File Boxes: # 053-10081 (5" Letter)

Server Cabinets & Accessories

DDP is pleased to offer our clients the Middle Atlantic product line. They not only share our "customer-first" philosophy but they are always looking at innovative equipment mounting solutions. If you need anything for your data centre...we can help. Please contact your Dasco representative for assistance.

SR Series Pivoting Rack

- Unique Wall Rack Pivots on Floor Base for Easy Equipment Access
- UL Listed in the US and Canada
- Fully welded construction, 16-gauge steel
- 500 lb. weight capacity
- Backpan features a large laser knock-out panel and accommodates 89-D brackets and electrical boxes when used with optional subplate. Backpan accepts up to 4 subplates.
- Bottom cable-entry platform supports entire weight of rack on floor
- Low-friction wearstrip on bottom facilitates easy opening
- 3 depths available
22" OD Depth (20" useable), 28" OD Depth (26" useable), and 32" (30" useable)
- Finished in a durable black textured powder coat
- Includes all features of DWR series wall cabinets
- Front Mounted Zero Clearance Latch saves valuable wall space by allowing wall racks to be placed side-by-side, in a corner, or wherever side clearance is an issue

WR Series

Roll Out Rotating System in Steel Host Enclosure

- Slides out and rotates 60°, requiring no additional accessories
- UL Listed in the US and Canada
- Host enclosure can be pre-installed on-site while detachable rack frame is integrated with equipment off-site, simplifying installation
- 26" useable depth, 32-7/8" deep host enclosure
- 750 lb. weight capacity with proper weight distribution
- Available in 44 and 37 space rack frame heights
- Effective cable management system provided
- Knockouts provided for cable pass-through and ganging multiple racks
- Engineered ventilation locations optimize passive heat convection
- Configurable open top accepts a number of options for active thermal management
- Standard front and rear 11-gauge, 10-32 threaded rackrail with marked rackspace increments
- Slide out rotating rack system for millwork and in-wall available

Server Cabinets & Accessories

DWR Sectional Wall Mount Rack

- Redesigned Sectional Wall Mount Rack with Enhanced Cable Management for Larger Systems
- UL Listed in the US and Canada
- **NEW!** Tool-Free Quick-Mount™ system allows for easy, one-person mounting of the center section to the backpan on the jobsite
- Available in 15", 20", and **NEW!** 24" useable depths
- Welded construction provides up to a 300 lb. weight capacity, depending on model
- Fully adjustable 1/8", 10-32 threaded rackrail
- Abundant built-in cable lacing points in interior Electrical knockouts and antenna knockouts on top & bottom, easily removable for cable pass-through
- Abundant Velcro and internal cable tie points
- Finished in a durable black or granite gray textured powder coat
- Adjustable front rackrail, rear rackrail optional
- Center section hinges for left or right opening accessories
- 2" knockouts, 4" knockouts for Wiremold® 4000 Series raceways, and knockouts for UCP series universal connector panels on side
- **NEW!** Front Mounted Zero Clearance Latch saves valuable wall space by allowing wall racks to be placed side-by-side, in a corner, or wherever side clearance is an issue.

Lockboxes

Safely secure gear in our rackmount LBX series lockboxes. 9" deep, 3 and 4 space models are offered with a durable black powder coat finish.

Hinged Plexiglass Security Covers

Incorporating a steel frame and a keylocked 3/16" smoked-grey plexiglass door, our SECL series locking security covers are offered in 2, 3, 4, and 8 space sizes. Each unit's depth of 1 1/2" easily clears controls on most equipment.

DRK Series Cable Management Enclosures

30" wide profile accommodates 19" and 23" panel width equipment

- UL Listed in the US and Canada
- Fully welded construction provides a 2,500 lb. weight capacity
- Seismic certified (UBC 1997 & CBC 1998 Zone 4; IBC 2000, IBC 2003, ASCE 7 - 02, NFPA 5000 Seismic Use Group III) for protecting 750 lbs. of essential equipment when used in conjunction with our MRK-Z4 brackets
- 30" OD width. 31-1/2", 36" and 42" OD depth
- 1/2", 3/4", 1" & 1-1/2" electrical knockouts on rear plates (top & bottom), easily removable for cable pass-through
- 2 pairs wide 11-gauge threaded rackrail standard, available in EIA spacing with labeled rackspace increments
- One pair cable ducts with solid steel hinged doors and 4-point magnetic closure pre-installed in front of 19" panel width version only
- Vented rear door standard
- Vented, plexiglass, and vented-plexiglass front doors available
- Top accommodates 10" fan and includes fan guard for ventilation
- Grounding and bonding stud installed in base
- Durable black textured powder coat finish
- 19" and 23" panel versions available

- (Shown with Optional Casters)

Overall: 24"W x 30"D x 72"H

Secure POWERED Laptop Cabinets

Above cabinet shown:
 (1) **DDP #050-00765** Powered Laptop Cabinet
 (9) **DDP #050-00747** Powered Laptop Drawers

Above cabinet shown:
 (1) **DDP #050-00765** Powered Laptop Cabinet
 (7) **DDP #050-00747** Powered Laptop Drawers
 (1) **DDP #050-00704** Bin Storage Drawer

DDP has specifically designed fully powered cabinets to secure up to 18 Laptops. Laptops can be powered and updated in the same cabinet at the same time when all the time they are secure from theft or damage. DDP Laptop cabinets take you to a whole new level in protecting the most important ingredient of any business.....your information.

Cabinets come complete with the following:

- All Steel bi-parting tambour door
- Keylock & 2 keys
- 9 Outlet Power Bar- with surge protection
- Louvered Sides
- Vented Top
- (4) Cable Grommet holes (2 per side)
- All steel- welded unit (no assembly required)
- **Standard Finish:** Black Santex

Cabinet Dimensions: O.D. 64.5"H x 36"W x 23.5"D
 Internal useable height (54.5")

FAN OPTION

If laptops are being networked as well as powered, then the optional exhaust fan is recommended. The FAN option comes complete with automatic ON/OFF switch that engages on door closure and disengages on door opening.

Above cabinet shown:
DDP #050-00763 Powered Laptop Cabinet with fan, adds 5" to overall unit height

CABLE MANAGEMENT RACEWAY OPTION

DDP #050-00768
 If your cabinet is being networked with RJ45, CAT5 or CAT6 cables then we have designed a cable management raceway that will allow for the NEAT CONTROL of your cables. Cable troughs have removable covers and flexible fingers to allow cables an exit or entrance at any point through the raceway.

Drawer Options

DDP #050-00747

Secure Laptop Drawer (can accept laptops up to 14.75" x 12" x 3" high). Secure Laptop Drawers come complete with a 2-outlet power bar and has (2) private chambers with lockable lids. **Note:** Each lid is keyed differently to all other lids in the cabinet or cabinets unless specified. Master Keys available. **Space required:** 6"

DDP #050-00746

Powered Laptop Drawer (No Lids)
 Powered Laptop Drawers come complete with a 2-outlet power bar. **Space required:** 3.5" as standard

DDP # 050-00704

Bin Storage Drawer
 For storage of additional accessories, bags or parts.
Space required: 11"

Secure Laptop Storage & Transport

For Secure Storage of Laptops that do not require powering or networking, DDP has designed a SECURE Laptop 3-Compartment Insert. Each 3-Compartment insert has three separate chambers for securely storing a laptop, tablet, digital cameras and many other information sensitive items. Cabinets are shipped pre-configured, NO assembly is required. Many other internal options are available...see our website at www.dascodata.com

3-COMPARTMENT INSERT

DDP #050-00740
Each Compartment (I.D.): 14.5"D x 10.75"W x 4.0"H
Vertical space required in Cabinet: 5.0"
Each compartment is secured with its own lock and 2 keys and is factory installed so they cannot be removed from the cabinet. Shown in this photo are four of the 3-compartment units stacked one on top of the other for a total of TWELVE privately keyed compartments.

2-COMPARTMENT INSERT

DDP #050-00742
Each Compartment (I.D.): 14.5"D x 16.4"W x 4.0"H
Vertical space required in Cabinet: 5.0"
For the larger Laptops and Notebooks DDP designed a 2-Compartment insert. Both compartments are secured with their own lock and 2 keys.

Available 32" to 83" high

Back Plate and 5 Dividers Set

DDP #050-00713
Vertical space required: (dependant on tallest item being stored)
Can be installed in the bottom of the cabinet to horizontally store Laptop Bags, files, binders, software packages etc..

Roll-out Bin Storage Drawer

DDP #050-00704
Vertical space required: 11.0"
Many potential uses....Laptop Bags, files, parts, power packs, cables, accessories and much more. Drawer has a 125 lb capacity.

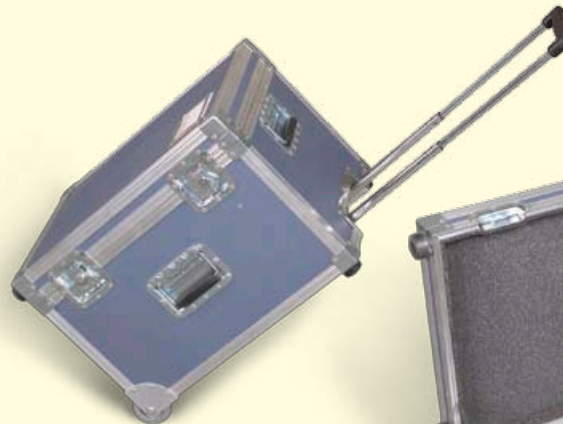

Laptop Locker (Desk Mount)

The DDP LAPTOP LOCKER is designed to be mounted horizontally or vertically to the top or underside of virtually any workstation. Units come complete with a 3-POINT lock mechanism and ABLOY secure lock. Cable access and ventilation is in the rear of each unit. An internal removable shelf is standard with all lockers. Available in BLACK SANTEX only.

DDP #050-00170
O.D. 16.5"W x 15"D x 5.6"H
I.D. 15.4"W x 14"D x 4.5"H

DDP #002-00050

Laptop Transport Case

FIVE individual slots for safe transport of 1-5 laptops as well as an additional compartment for power packs, cables and other accessories.

Complete with:

- Collapsible Extension Handle
- Heavy Duty transport wheels
- Three recessed, spring loaded carry handles
